WHO WE ARE

World Innovation Solutions, LLC (WIS) is a Service-Disabled Veteran-Owned Small Business (SDVOSB) committed to excellence and dedication in meeting your agency's requirements. Our extensive range of services encompasses not only marketing and graphic design but also specialized expertise in project management, telecommunications, and media. With over 30 years of combined experience in administrative and general consulting, including technical and creative writing, our team at WIS brings a wealth of knowledge and proficiency to every project. We take pride in delivering quality and efficiency in all endeavors, leveraging our expertise to mobilize the right mix of skills and subject-matter experts. This ensures that we effectively and proficiently address the unique needs of our clients, achieving successful outcomes with each collaboration. At WIS, we are committed to serving our clients with integrity, innovation, and unparalleled dedication. We look forward to the opportunity to partner with your agency and contribute to your success.
